BECOMING ~ Children's identities, knowledge, understandings, capacities, skills and relationships change during childhood. They are shaped by many different events and circumstances. Becoming reflects this process of rapid and significant change that occurs in the early years as young children learn and grow. It emphasises learning to participate fully and actively in society.

National Quality Standards - Physical Environment

The aim of Quality Area 3 under the National Quality Standard is to ensure that the physical environment is safe, suitable and provides a rich and diverse range of experiences that promote children's learning and development.

The way that the environment is designed, equipped and organised determines the way that the space and resources are used and has the potential to maximise children's engagement and level of positive experience and inclusive relationships.

Vacation Care Program

Our Vacation Care Program will commence on Monday 14 December 2020 and finish conclude on Wednesday 23 December 2020. Our Vacation Care Program will recommence on Monday 11 of January 2021 and continue for the last 2 weeks of holidays until 22 January 2021.
